

# ITALY DISREGARDED; PEACE PLANS GO ON; MEET GERMANS FRIDAY

**In Peace Conference Circles  
It Is Considered Probable  
That the Italian Delegation  
Will Not Return,  
Certainly Not Within the  
Present Week.**

**WILL ALLOW GERMANS  
TIME FOR QUESTIONS**

**But No Prolonged Discussion  
of the Terms of the  
Treaty Will Be Allowed  
by the Allies—Some Reports  
from Berlin Say the  
Germans Will Not Sign.**

Paris, April 30 (By the Associated Press).—It is planned in peace conference circles to go ahead with the treaty of peace without regard to any action by Italy, as it is considered probable that the Italian delegation will not return, certainly not within the present week. The delivery of the treaty and the first exchanges with the Germans, therefore, will occur without the participation of Italy, and it is said in American quarters that this procedure will go forward steadily up till the signing of the treaty. The first reading with the Germans will probably occur Friday afternoon or Saturday, when the pact will be presented.

A day or two will be given for questions concerning interpretations of different phases of the convention, without, however, involving a prolonged discussion. Reports from Berlin are somewhat contradictory concerning Germany's purposes, as some reports indicate that an early signing of the treaty is probable, while others say that it is doubtful whether the pact will be signed at all. These reports, coming from different sources, indicate a lack of concerted attitude as to the treaty and show there is disposition to leave the decision largely with the German plenipotentiaries, who are now at Versailles.

## SOLUTION OFFERED CHINA AND JAPAN

The Arrangement Is Expected to Remove Possibility of Break and to Prove Mutually Acceptable.

Paris, April 30.—A formula for the solution of the problem of Kiao Chau, which it is hoped will remove any possibility of a definite break and prove mutually acceptable to the Chinese and Japanese, has been reached by the powers, it was stated in authoritative quarters today.

The nature of the indicated solution, however, has not yet been disclosed.

## SHOT THROUGH HEAD.

Amos J. Burbank of Weathersfield Has Killed Himself.

Weathersfield, April 30.—Amos J. Burbank was found shot through the head Monday evening. Mr. Burbank was 64 years of age and had been living with his son for the past year doing the chores. Monday afternoon, according to the story given, he arrived at the house in the afternoon and went to the cupboard and his daughter-in-law asked him what he was looking for, and he said nothing. When the son, Allen, arrived at supper time, she told him of the incident and he investigated and found that his revolver had gone.

They searched the vicinity and found Mr. Burbank leaning against a stone wall in the pasture dead. He had been shot through the head and the weapon lay on the ground beside him.

His body was taken to Claremont, N. H., by Undertaker George H. Stoughton. It is stated that Mr. Burbank had not been feeling well recently and was somewhat despondent.

Both the deceased and his son were former residents of Claremont, Allen having been employed at the Monadnock mills.

## GRIM EVIDENCE OF TRAGEDY.

Leather Flying Suit and Pair of Goggles Picked Up at Sea.

Chatham, Mass., April 30.—A leather flying suit and a pair of goggles, believed to have been worn by Ensign John G. Howard, one of the three men lost when a seaplane from the naval air station here was wrecked at sea last Friday, was brought into Provincetown by a fisherman today. The clothing was picked up about seven miles off Race Point. Officials said the flyers probably discarded their heavy outer clothing when the machine broke up, in the hope of being able to keep afloat until they could reach shore.

New York, April 30.—The world's most powerful battleship, the super-dreadnaught Tennessee, was successfully launched today, sliding down the ways at the New York navy yard at 9:45 o'clock.

## VICTORY LOAN SPURT IN NEW ENGLAND

Best Day's Business Since Opening Day  
Vermont Still Ahead on Percentage,  
Though Lowest in Day's  
Subscription.

Boston, April 30.—The Victory Liberty loan total for New England took a long stride forward today. Reports for yesterday showed subscriptions of \$20,280,000, figure second only to the opening day, when more than \$31,000,000 was contributed. The total for the eight days as tabulated at the federal reserve bank was \$122,939,000.

State returns for yesterday were: Massachusetts, \$13,874,000; Rhode Island, \$2,239,000; Connecticut, \$2,020,000; Maine, \$871,000; New Hampshire, \$861,000; Vermont, \$421,000.

Vermont remained in the lead in the percentage of the quota subscribed, its total of \$5,344,000 representing over 55 per cent; Connecticut, with a total of \$24,103,000, had 48 per cent of the state's quota.

New England cities and towns which had reported oversubscriptions of their quotas at noon totaled 189, late additions to the list including Dalton and New Ashford in this state, and Saybrook and Mansfield, Conn.

## BILLION MARK PASSED.

Subscription Officially Reported To-day  
Less Than One-Fourth of Quota.

Washington, D. C., April 30.—Subscriptions to the Victory Liberty loan officially reported to the treasury today, passed one billion dollars. Thus with the campaign nearly half over, less than one-fourth of the \$4,500,000,000 total has been subscribed.

## CHECK UP BREWERS WHO MAKE BEER

Agents of Department of Justice Will  
Investigate After May 1—It Is  
Said That Brewers Who Keep  
Up Manufacture Will Do  
So at Own Risk.

Washington, D. C., April 30.—Agents of the department of justice have been instructed to obtain evidence showing what brewers continue to manufacture beer after midnight to-morrow, when prohibition of the use of foodstuffs in manufacture of intoxicating liquors becomes effective.

This evidence may or may not be used in prosecution of brewers, depending largely on what the federal court in New York decides in the beer case now pending there. Whether production of near-beer after to-morrow midnight is prohibited, the department of justice has not ruled.

Manufacturers of wine or beer, who continue to operate after May 1, will do so at their own risk, although the department has not indicated any intention of causing immediate arrests.

## PART OF 77TH CAME TO HOME PORT

## HAD RESTLESS NIGHT

But Samuel Gompers' Condition Seems  
Favorable.

New York, April 30.—Samuel Gompers, president of the American Federation of Labor, who was seriously injured on Sunday night, when his taxicab collided with a street car, passed a restless night but his condition this morning seemed favorable, according to a statement given out by his secretary, Guy Oyster.

## MONTPELIER

The officers of the fire department are looking for the person or persons who rang the fire alarm about 4 o'clock this morning. No arrangement had been made for pulling in the alarm when the boys arrived, with the result that the full fire equipment responded to the call from the box near the Pavilion. When they reached the place there was no one to advise the members of the department, so that, after investigation, the department returned to the fire station. The department was called to the Lane property on East State street Monday night for a chimney burning out. It was one of the hottest chimneys that the department has seen in a long time, the woodwork near the chimney being blackened.

Deputy Sheriff C. A. Smith has returned from a trip to New Hampshire on probation matters.

The young ladies of the Church of the Good Shepherd met last evening with Miss Ruth Parker for the purpose of organizing a young people's society, to work in conjunction with the woman's guild. It was an enthusiastic meeting, and it was desired that all young ladies connected with the church become members of this guild. The following officers were elected: President, Mrs. Hanson; vice-president, Ruth Parker; secretary and treasurer, May Dale.

## RUINS SHOCKED THE GERMANS

Destruction Done by Their  
Army in France Caused  
Odd Emotions

DELEGATION ARRIVES  
TO RECEIVE TERMS

Windows in Train Carrying  
Followers Were Smashed  
En Route

Versailles, April 30 (By the Associated Press).—The German peace plenipotentiaries who arrived in Versailles last night were greeted by cold, raw weather, with occasional rain squalls, on the first day of their journey. Wearing from their long journey, the chief figures of the delegation slept late. The lesser functionaries, however, heavily clothed against the storm, strolled through the sodden grounds of the park or along the streets.

The May day strike applies to the Versailles hotels, but it is understood it will not be allowed to prevent the German representatives getting their meals and service as usual to-morrow.

Versailles, April 30 (Havas).—When the German delegation to the peace congress, headed by Count Von Brockdorff-Rantzau, reached Versailles last night, it was received in the name of the French government by M. Chaliere, prefect of the department of Seine-et-Oise, to whom the count expressed thanks on behalf of the delegation. The count's secretary (Herr Reiger) subsequently remarked to the newspaper men present: "Words fail me to describe my feelings as I crossed your devastated regions. I hope the peace which we are about to sign will give satisfaction to all the nations which participated in the war."

Versailles, April 30 (By the Associated Press).—Germany's plenipotentiaries to the peace congress reached Versailles, five miles from Versailles, last night. They are Count Von Brockdorff-Rantzau, German foreign minister; Herr Landsberg, secretary for publicity, art and literature; Dr. Theodor Meißner, general manager of the Warburg bank; Herr Lehnert, president of the Prussian assembly; Herr Gieseler, minister of posts and telegraphs, and Herr Schuecking.

The German delegates, accompanied by some 60 clerks, traveled in two special trains from Germany. After listening to a short address and being photographed by army press photographers, the Germans were conveyed in automobiles to Versailles, where they are now lodged in hotels.

Several windows of the second train which brought journalists and minor attaches, were broken as a result of a minor demonstration during the trip, but otherwise the journey from Berlin passed without incident.

Among those who arrived with the German foreign minister was Dr. Daniel von Haismauer, former councillor at the German embassy at Washington; Dr. Straus, of the Deutsche bank; Herr Rudiger, secretary to Count Von Brockdorff-Rantzau, and other minor officials.

## TALK OF THE TOWN

Arthur Liberty of St. Johnsbury began work recently at the E. F. Cutler automobile show rooms as salesman and demonstrator.

The Vermont Fruit store, which has been in control of Fraquelli & Vanetti for several years, changed hands Monday. The purchaser is Antonio Da Trato of Winooski. He has been associated with the Winooski Fruit Co. for the past ten years, so is well versed in the fruit business. Mr. Fraquelli expects to leave next week for Detroit, Mich. The other partner, Mr. Vanetti, died during the influenza epidemic last fall.

The Times is in receipt of several copies of "The Watch on the Rhine," a weekly paper published by the army of occupation in Germany. The papers were sent by John Daffine, formerly a citizen of Barre, who learned the cutting trade at Burke Bros. Mr. Daffine is a member of the 73d field artillery and like nearly all the other boys in Germany, is anxious to get back to America. He calls attention to one article in the papers sent, which makes an earnest plea for an early return home.

Yesterday the Japanese afternoon given by the home economics department of the Barre Woman's club was very tastefully carried out. The hall was decorated with a profusion of cherry blossoms, parasols and banners. Kimonos fitting here and there, tea served in dainty Japanese cups, a very pretty drill, given by 12 little maidens, gave a real Japanese touch to the whole affair. A spray of arbutus was presented each one as they entered the door. A piano solo was rendered by Miss Dorothy Tenney and a violin solo by Miss Marjorie Smith. The program was followed by a demonstration of several very appetizing rice dishes. This department has given the club a series of most enjoyable and helpful afternoons.

## FEARFUL CALAMITY BY HEAVY QUAKE IS APPREHENDED

As Many as 15 Distinct Shocks, Many of  
Them Severe, Were Recorded on In-  
struments in United States.

Washington, D. C., April 30.—A very severe and prolonged earthquake, estimated to have centered between 4,000 and 4,100 miles from Washington, was recorded early today at the Georgetown university seismographical observatory.

St. Louis, April 30.—Severe earthquakes centered 5,400 miles west by southwest from St. Louis were recorded early today by the seismograph at St. Louis university. Fifteen distinct shocks were recorded, starting at 2:30 a. m. and ending at 5:20 a. m.

New York, April 30.—Cable reports received by the South American Cable Co. indicate that the earthquake which occurred in San Salvador two days ago may prove as disastrous as the great quake of 1917, it was said at the offices of the company today. No details have been received, but the company's agent in San Salvador cabled that the damage was extensive.

At least 40 persons were killed and millions of dollars of property destroyed in June, 1917, when an earthquake accompanied by a violent eruption of the volcano of San Salvador wiped out many towns in the republic. Many buildings were destroyed in the city of San Salvador and enormous damage was done on coffee plantations which were buried beneath lava and volcanic ashes.

## CITIES LEFT OUT.

Neither Barre Nor Montpelier Gets Any  
"Back Road" Allotment.

Washington county will receive \$6,570.56 of the \$75,000 appropriated by the legislature to be used on back roads. But Cabot amount Barre City and Montpelier do not get any, for neither has any "back roads." Several towns suffered a decrease because no money can be expended in villages. Berlin gets the largest sum, namely \$614; but this is due to the fact that it did not use \$200.54 of the money allotted to it last year. Other towns which carried over a balance from last year are: Duxbury, \$1.89; Moretown, \$3.46; and Roxbury, \$9.27.

The work can be spread over a total of 860 miles, but it will not be. It will be used for work in improving a short section of highway on some back road.

The mileage and allotment to each town follows:

	Mileage.	Allotment.
Barre Town	60	\$443.40
Berlin	26	\$614.00
Cabot	35	\$46.45
Calais	76	\$61.64

East Montpelier	50	\$369.50
Fayston	34	\$251.26
Marshfield	60	\$443.40
Middlesex	53	\$391.67
Montpelier	29	\$291.67
Moretown	39	\$291.67
Northfield	69	\$443.40
Plainfield	47	\$343.87
Roxbury	47	\$343.87
Waitsfield	26	\$192.14
Warren	50	\$369.50

## GODDARD EVENED UP.

Defeated Norwich Varsity at Northfield  
By Score of 10 to 8.

Goddard evened up matter with the Norwich varsity nine at Northfield yesterday when she defeated the latter in the second game of a series of baseball by the score of 10 to 8. The first game played in this city two weeks ago was won by Norwich. Although the weather was far from being pleasant for good ball, both teams showed great improvement over their initial encounter. The work of the Norwich infield was much faster. The stick work of Harrington, who in the third inning sent over two runs with a clean home run, was outstanding. The batting of Beatty, Gormley and Pilgrim for Goddard resulted in the bulk of the scores for the winners and proved the undoing of three Norwich pitchers.

Ogston, a former Spaulding player, opened on the mound for Norwich, and pitched good ball for five innings, being replaced by Adams and he later by Warren.

Howard twirled the first three rounds for Goddard, but was forced to retire when Harrington, in the third frame, drove in two runs with his home run. Kelley pitched good ball for the remainder of the game.

The score by innings:  
G. S. 1 0 2 0 2 0 0 5—10  
N. U. 0 2 2 0 1 1 2 0—8

Runs: Pilgrim 3, Gormley 2, Brackett, Kelley, Slayton, King, McGarrigan, Harrington, Martin 2, Keefe, Haines, Matthews, Hyland; batteries, Goddard, Howard, Kelley and Brackett; Norwich, Ogston, Adams, Warren and Hyland.

## TALK OF THE TOWN

Mrs. Gilbert S. Davis of Windsor, president of the state federation of women's clubs, was an over-night business visitor in Barre. Mrs. Davis was here to arrange for the federation meeting to be held in this city the first week in June.

Among those returning are John McDonald, J. Francis Paul, Sidney Newcombe, Allan Nixon, John Murray, John Lucia (now of Lebanon, N. H.), Ernest F. Eastman of Washington, F. Beltrami, Ralph Downing of Washington, Raymond Fogg of Williamstown, Bert Taylor and George Taylor of Chelsea.

## WATER'S BAD EFFECTS WERE SET FORTH

City and Property Owners Have Some  
Problems to Deal With Which Arise  
from Flooding in the Tremont  
Street Section.

Water and its deleterious effects—chiefly the latter—were the occasion of an interesting debate in the board of dermen's regular meeting last evening. Something like an hour being spent considering the wasting influence of water when applied to mother earth, and when mother earth lies in the inebriated part of the city. The chief location was in the Park, Elm, Hall and Tremont street section of the second ward, although the Warren street section of the third ward came into the debate at times.

The difficulty in the second ward is due to the effects of water to seek the lowest level in the easiest manner possible, said water starting from upper Elm street, coursing down across that thoroughfare, lifting considerable parcels of real estate every flood time, and then dropping out of sight like Lost river (or Honey brook), reappearing and eventually, no doubt, finding its way into Potash brook at the foot of the hill. It is claimed by John P. Corrie, attorney, E. R. Davis to appear, and investigate the surroundings. It was found that a considerable volume of water does come down through the real estate of some land owners there, but the responsibility on the city was not wholly apparent, or so some of the aldermen replied. Nor were the remedies any the clearer.

Thus, when it came before the board last evening, there was no nearer approach to the solution of the problem, and after long discussion, the matter was left with the committee of the whole, with some intimation that the interested property owners might be called, perhaps, into conference.

The Warren street case is also of long standing. It is claimed that a retaining wall was washed out by water so that it toppled over, with the result that the city at some previous time—three years ago, it was said—agreed to fill in where the wall had gone down. Because that work was not done to the satisfaction of Mr. and Mrs. G. Ciradelli, the latter appeared before the board and asked what the city was going to do to live up to its agreement. Mayor Glysson asserted that the agreement was virtually as Mrs. Ciradelli had stated because he was a member of the street committee at the time and he remained in the position; the city was to fill within four feet of the street to the bank of the brook, allowing a natural slope as would result from dumping the filling material. Alderman McMillan stated that the city had dumped in twenty cartloads of stone chips until the city teams had to be called off that job to look after the streets. Mrs. Ciradelli was given assurance that further steps would be taken to complete the fill.

So much for water and its deleterious effects. The other business of the board was soon attended to. Assessor N. B. Ballard was told that the assessors could engage a clerk up to a salary of \$18 a week. Alderman Ballard stated that it would be impossible for him to give all his time to the work. A pool room license was granted to David Farrand, Valley street, was given permission to move a henhouse from Smith street to Granite street, providing the location is satisfactory to the building inspector.

The following warrants were ordered paid: Street payroll, \$374.43; engineering payroll, \$42.33; water payroll, \$78.11; fire payroll, \$148.73; police payroll, \$113.01; assessors payroll, \$68.; city hall janitor, \$16; social worker, \$18; Allen Lumber Co., \$2.64; Mrs. Grace Morgan, \$2; J. F. Spencer, \$24.

## FANNY BROWN WAS FASCINATING.

As Presented by Students of Goddard Seminary.

"The Fascinating Fanny Brown," presented in two acts at Goddard seminary last evening by students of the graduating class, was one of the most humorous plays ever produced in this city by amateur actors and actresses. From the comedy covered by William D. Flinders, the comedy began and all the merits of the show were brought out by the competent people chosen to assist in the entertainment. Each one acted with such reality that the interest of the people became completely absorbed. It was with much cleverness and ingenuity that the plot and conclusion was uncovered and caused almost incessant laughter.

Probably the most interesting feature of the weather the usual large crowd did not through the chapel whenever an evening of entertainment is staged for the public, but although not all the seats were filled, a fair sized crowd witnessed the performance.

The scene was restricted to a living room of a summer hotel, where only one man registered for the season. This part was covered by William D. Flinders, who together with the hotel keeper, Percival Gale, acted by Percy J. Pitkin, continued to draw the chuckles from the audience. Henry Dudley, another stage character, who was really Merritt A. Jones, with the aid of a few frills and decorations, made a stunning Miss Fanny Brown, and the central attraction in the play, Dorothy Dudley could not have been better portrayed than by E. Miriam Hopkins, recently one of the leading characters in the local talent show, "Over the Top." Miss Hopkins was a creditable actress and disclosed much talent. Doris L. Jenkins, clothed in the garments of and assuming the title of Florence Howe, is to be complimented upon the fine production of the character she represented, also Miss Frances M. McWilliams as Aurey Caldwell, Frances M. Pratt as Mrs. Caldwell and Marjorie L. Worcester as Martha, the maid, and Emily M. Libby as Mrs. Moffett, were praiseworthy members of the cast.

Mrs. Mary Wiley, formerly the pastry cook at Hotel Barre, returned to her home in Burlington yesterday, after calling on old acquaintances in this city.

## EXTRADITION WAS GRANTED

By Tyrell Goes Back to  
California to Answer  
Charge

OF STEALING AUTO  
AT LOS ANGELES

Habeas Corpus Proceedings  
Were Dismissed  
To-day

Extradition papers have been signed by Governor Clement in the case of Lester Tyrell, who has been held in Washington county jail for ten days awaiting the arrival of an officer from California and who had brought habeas corpus proceedings before Judge F. L. Fish. The habeas corpus case was to have been heard this afternoon, but Judge Fish, on hearing of Gov. Clement's action, dismissed the proceedings as the matter had been taken out of the court's hands thereby. Deputy Sheriff Frank Cochran of Los Angeles, who arrived in Montpelier Tuesday, will leave late today on the return trip to California, accompanied by Tyrell.

The young man was arrested at Waterbury ten days ago following information from California that he was wanted in connection with the stealing of an automobile. He was working as a printer at the Waterbury Record office at the time he was arrested. Deputy Sheriff Cochran, who presented his papers to Governor Clement, stated that Tyrell was really on probation following a charge of stealing a Studebaker automobile and that he was alleged to have been caught in the act of trying to crank up a Stutz car later. In the requisition papers brought by Deputy Sheriff Cochran, the charge is set up that Tyrell stole a Studebaker automobile, while on the papers was a photograph of a man alleged to have been Tyrell.
